

WILL IT STICK?

Introducing a weather-resistant adhesive with superior long-term staying power.

Ready to use on most hardscape surfaces, PROSOCO Adhesive bonds and cures in wet weather and on damp substrates, and tolerates rain before, during and after application.

PROSOCO Adhesive works on concrete, brick, stone, marble, tile, cement board, ICF, drywall, glass, ceramics, porcelain, metal, PVC, acrylic plexiglass, rubber, wood, treated lumber, plywood, OSB and more.

VERSATILE

Works seamlessly with most common construction materials.

EASY TO USE

Single-component. No mixing required. Adheres to most substrates without priming.

ALL-WEATHER READY

Bonds to damp surfaces and remains breathable, allowing damp surfaces to dry.
